President's Message

EVERY DAY IS A CELEBRATION!

When I arrived early to prepare for the August business meeting, I heard laughter and people talking and exchanging ideas. Three committees were meeting at the same time; working on future plans and activities. As the committee meetings ended, the members came into the meeting room for the business meeting. People continued to talk, laugh and have fun being together. I'm so honored to be part of a group whose members do good for others but also laugh and have fun together.

During the meeting an announcement was made about the Mini-Conference in Palestine on Saturday, Nov. 5. It's just a 2 hour drive from us; I thought members might come early on Sat. morning and I'm sure some Richardson Altrusans will also. But from those Altrusans who went to dinner after the meeting, several said they were going on Friday to have fun together shopping and looking around, then spend the night before the Leadership Training. So I reserved a room! I hope several of you will to do the same. If you have questions about this, please ask a seasoned member or your sponsor to learn how you can be a part of this event.

The Community Initiative Process has moved to Phase 2. The Community Leaders who were interviewed separately (Phase 1) came together with the President, Immediate Past President, Service's Committee Chair, the Altrusans who did the interviews, and the Co-Chairs of the Education, International, Seniors, and Community Outreach Committees. These Altrusans will meet at the end of August. Then they will have information to share with you about some exciting new service possibilities.

Together we can accomplish great things.

Everyday is a Celebration!

Board of Directors Meeting Update

Action from the Board

by Nancy Rohm

At the July 28 board meeting, the following actions were taken:

The board agreed to accept a donation for our Foundation from Heritage Risk Advisors.

The board discussed the logistics of accepting dinner reservations for our Sept 15 meeting from other nearby clubs; allowing those Richardson Altrusans who can attend first choice and then accepting as many Altrusans from other clubs as the RWC can handle in Founders Hall.

Foundation Donation from Heritage Risk Advisors

At our August Business meeting we received a donation to the Altrusa International Foundation of Richardson, Inc. Kim Stallings and Shawn Heiser, of Heritage Risk Advisors presented the "large check" above and also a "real" large check! They set aside money from every referral and give it to a worthy charity at the end of each quarter. We thank them for this gift!

Heritage Risk Advisors handles Business and Personal Lines of Insurance needs; especially hard to place risks. Anyone who is interested in learning about their services can find their contact information online under "Heritage Risk Advisors". (Kim Stallings was an OWT Nominee-winner last year in our Women of Tomorrow category.)

What is Club 21?

by Mimi Tanner

Have you noticed many members wear a white circular pin with a "21" on it on their Altrusa ribbons? They have made an annual contribution to the Altrusa International Foundation of \$21 for Club 21. These monies are used to support children who are the victims of disease around the world. In the late 1990s the focus was on children with AIDS/HIV and camps called Camp Safe Haven. Last year, the Ghana Health and Education Initiative, Youth Futures International, and camps in Ohio, Pennsylvania and Oklahoma received funding. This is a way for us individually to make a difference in children's lives. Clubs can contribute \$210 to join and get a special medallion for the club banner.

If you want to participate, please send your \$21 to: Altrusa International Foundation, Inc., One N. LaSalle St. Suite 1955, Chicago, IL 60602 or give online: [Club 21 Contribution Page](#)

Individual and club renewal date is after March 15. Up until that date your gift will count for awards at Conference. Mimi Tanner has pins; make your

contribution to International and ask Mimi for a pin. Questions? Call Mimi Tanner, 972-234-4458.

Senior Committee Update

Altrusa helps "friends" at Friends Place

By Lynn Solomon, Senior Committee Co-Chair

On August 16, 2016,, Altrusans presented Pam Johnson and our "friends" at Friends Place with 2 large boxes of fiber fill used in making pillows.

Since opening in 2005, ladies that attend Friends Place have enjoyed making special pillows that were donated for patients in two of the hospitals in Plano. To date, they have donated in excess of 7400 pillows. These women, much like each of us, greatly benefit personally from the opportunity to be able to be of service to our community.

Our special thanks to Seniors Committee member, Alma Benoit, for facilitating this event by purchasing the fiber fill and setting up the photo session with Friends Place!

Community Outreach Committee Update

Network and the Counseling Place Receive Altrusa Richardson Donations

In August 2016, Richardson Altrusans held a back to school drive benefitting both the Network of Community Ministries Tools4Schools program as well as the journaling program at the Counseling Place.

Hundreds of school supplies were delivered to the Network in August to assist with their Tools4Schools program. These donations help families send their children back to school with new backpacks filled with fresh school supplies. It is so important for all children to start the school year ready to learn with the needed school supplies and Altrusa of Richardson is extremely pleased to help in this endeavor.

Altrusa Richardson also collected composition books for the Counseling Place in Richardson. The Counseling Place utilizes hundreds of composition books each year as they work with clients on various writing and journaling activities. The donation of almost 50 composition books as well as Highlights and other magazines is a huge help to the organization as they provide needed services to their clients.

by Jenn Rohm

Season 7 of AIR Time presented by AIR (Arts Incubator of Richardson) kicks off on September 14 at Alamo Drafthouse in Richardson, at 7:00 p.m. as we interview Dr. Robert Gregg—Assistant Professor of Bioengineering and Mechanical Engineering and the Director of the Locomotor Control Systems Laboratory at the University of Texas at Dallas. His research concerns the control mechanisms of human

The movie selection is the movie version of the book, SPARE PARTS, from 2015 (114 min) starring George Lopez and Jamie Lee Curtis.

Following the interview (7:00-7:45pm), guests are invited to stay for the movie.
